

ÖAMTC | winter driving tips

Keep your car **FIT** for your winter holiday with our tips and be sure your winter holiday is perfect to the very last day.

> ***Diesels***

Diesels can be very temperature temperamental. Be sure to fill your tank with Premium Diesel (Polar Diesel) whenever temperatures go down.

> ***Batteries***

Check in good time that your battery is fully charged. Remember, an old or weak battery will fail you as soon as temperatures fall below zero.

> ***Antifreeze windscreen washer***

Be sure to have extra antifreeze in the windscreen washer. To at least - 20 degrees Celsius standard.

> ***Winter accessories***

Ice scraper, snow chains, snow brush, gloves

Have a great winter holiday in Carinthia.
